

Revival

HIFU

High Intensity Focused Ultrasound (Non-Surgical Face Lifting)

40-75 minutes

Non-invasive treatment that uses focused ultrasound energy to stimulate collagen production deep within the skin. It lifts, tightens, and firms areas like the face, neck, décolletage and body –without surgery or downtime. Ideal for natural-looking anti-aging results.

**Recommended 1-3x per year
(Varies per individual's skin condition)**

Includes: Medical LED light post procedure &
Professional Grade Ultimate Gel Mask
Deep Cleansing Facial
